

*Howe Sound Pulp and Paper has an immediate opportunity for an Area Superintendent – Bleach Plant at our Port Mellon site. Howe Sound Pulp and Paper Corporation is one of the most progressive Kraft, Pulp and manufacturers in the world, leading industry in product quality, efficiency and environmental protection.*

*Howe Sound is one of the seven mills in Canada owned by Paper Excellence. The Paper Excellence Group has an excellent track record in Canada in terms of business leadership, labour, First Nations partnerships, and environmental stewardship. The Group currently employs over 1,000 Canadians. Professional excellence starts with Paper Excellence.*

Under the direction of the Fibreline Manager you are responsible for the safe operation of the bleach plant area to achieve budgeted production requirements. You will also provide coverage for the Fibreline Superintendent on an as needed basis.

The Area Superintendent works with Maintenance and Operation teams to ensure achievement of MBOS (Management by Olympic Systems) objectives, through continuous development of and improvements to safety, operating procedures, cost reduction and productivity with effective delegation of responsibility.

The Area Superintendent is responsible for working with the Shift Supervisors in troubleshooting areas of concern; control the variable and fixed costs; scheduling maintenance shutdowns and as directed by the Fibreline Superintendent, assist overseeing the Shift Supervisors in their day-to-day activities.

### **Qualifications**

- The ideal candidate will have a University or Technical College degree in a related field plus five (5) years of pulp mill experience; or
- High School graduate with ten (10) years direct or related experience.

Interested applicants should send their resume, stating position title to our Employment Coordinator at [employment\\_coordinator@hspp.ca](mailto:employment_coordinator@hspp.ca)

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
