

**HOWE SOUND**  
PULP & PAPER CORPORATION  
A PAPER EXCELLENCE COMPANY

## Employment Opportunity

Electrician

West Coast Chip Plant

*Howe Sound Pulp and Paper has an opportunity for an Electrician at our West Coast Chip Plant.*

*Located on the Fraser River in South Vancouver, West Coast chip plant was built in 1985 and boasts one of the largest whole log chippers in North America. The chipper disk is 153 inches in diameter and will consume a 43" diameter log in a matter of seconds. West Coast Chip Plant produces approx. 450,000 gravity packed units of Hemlock and Douglas Fir chips annually; approximately 700 barges and is forty percent of Howe Sound's overall needs. WCC also generates 45,000 gravity packed units of hog fuel annually, approximately 90 barges that is used to fuel Howe Sound's power boiler.*

### RESPONSIBILITIES

- Construct, maintain, alter, repair and test of all electric or electronic systems and components that are integral to the operation's activities
- Support, enhance, and maintain existing business applications to assure their availability, reliability, performance, and fit to evolving requirements. Effectively resolve production problems in a timely manner.

### QUALIFICATIONS

A Red Seal ticket is required. The ideal candidate will have multiple years of experience in production, heavy industry and possess their own hand tools. The successful candidate will have a proven safety record, a history of being a team player, must have the initiative to be able to work without direct supervision, able to work overtime when required.

Please submit your written application, stating position title and outlining your qualifications for the position to: [employment\\_coordinator@hspp.ca](mailto:employment_coordinator@hspp.ca)

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
